Listen Technologies LR-3200 Intelligent DSP

CAN YOU HEAR ME NOW?

What four-letter words do hearing aids user use the most?...What?! St. Anne has heard the call to update our listening experience with parishioners who are hard of hearing. With the technologies advancing in hearing experiences, the Listen Technologies' Intelligent Receiver, now in our possession, delivers superior sound quality in a small, lightweight unit that is comfortable for listeners and easy to store. We currently have 4 receivers that provide hearing for two people who sit side by side. Come into the sacristy before Mass with instructions on how to use the units.
